Wood Sandpiper

What is
Wader
Quest's
role?

Wood Sandpiper

Wader Quest
has two aims

Spur-winged Lapwing

TO RAISE
AWARENESS...
about the
challenges waders
face in the modern
world.

American Avocet

TO RAISE FUNDS...
to support wader
conservation initiatives
worldwide, especially
those involving locally
led, community
projects.

How can I
get
involved?

Rock Pratincole

Join our Wader Conservation World Watch

November 4th & 5th 2023

It's simple to take part, no registration, no counting (unless you wish to).

1) Simply go and see waders or shorebirds.

**2) Tell us what you saw, where and with whom,
(send us photos if you have them) by;**

email: wcww@waderquest.net

OR

share you eBird list(s) with username WaderQuestTeam.

The greater the number of people that can be made aware of the plight of waders, the more people there will be that care, and the greater the number of people that care, the more chance we have of changing things.

Caring is the first step to conservation.

**How do we use your
money?**

Long-billed Dowitcher

Wader Quest is

entirely voluntary
